「SDGs グローバルリーダー（2020 年度）」

This information pertains to one of the Japan International Cooperation Agency (JICA)'s Knowledge Co-Creation Program (Long-Term). This handout gives information on the overview of the program. This program will be implemented as part of the Official Development Assistance of the Government of Japan based on bilateral agreement between both governments.

Each country may have its own schedule and/or qualifications for the program. With regard to the additional information, please contact JICA overseas office in your country.

1. Overview

JICA Development Studies Program (JICA-DSP) is the program for future leaders from partner countries to offer them the opportunity to learn about Japan's modernization and development experiences, which differs from those of Europe and the U.S., and its wisdom as a country that provided cooperation toward the progress of developing countries after World War II.

JICA-DSP was launched as one of the Japanese government's official programs related to the 150th anniversary of the Meiji Restoration in 2018.

It is co-organized by universities in Japan and JICA for the participants from partner countries. This program offers participants an opportunity to study the respective academic fields in master's or doctor's degree courses at Japanese graduate schools, and to deepen the understanding of Japanese development experiences.

Through this program, participants will gain a deep understanding of Japan, so that they may use this knowledge to contribute to the development of home countries. Also, it is expected that participants will play a significant role as a leader in the respective fields after their return, fostering a long lasting bilateral relationship between each respective country and Japan.

SDGs Global Leadership Program is newly established in JFY 2019 to promote cooperation for sustainable development in the world, under the framework of JICA-DSP.

The program will provide participants with special program on Japanese developmental experience and internships if necessary, in addition to obtaining Masters or PhD. degree.

2. Objectives

1. To develop high level human resources who would contribute to appropriate policy decision and its implementation for tackling political and developmental issues in respective fields.
