Subject: Circular on Interim Per-diem Rate for Mongolia - \$250 USD

The purpose of this circular is to inform and advise on the interim per-diem rate for the country Mongolia at the rate of \$250 USD.

At the moment, the per-diem rate for Mongolia is not included on the list of per-diems. To cater for recent travelling of government officials to the country, a provisional rate to be used at the moment is \$250 USD. The logic being that Mongolia was a former colony of China, thus the middle value between the per-diem rate for Beijing China and Elsewhere China is now used.

Please note that PSO will work on the Cabinet Paper for the inclusion of Mongolia in the list of per-diem rates.

For any further clarification please do not hesitate to contact the office.

Ko rabwa,

Mrs Iaou Kanimako
